PROFILE

I am a dedicated WordPress Developer with 2 years of professional experience building fast, secure, and visually polished websites. I specialise in pixel-perfect, fully responsive sites using Elementor. I have solid experience with WooCommerce, theme customisation, and resolving real-world issues on live production websites. I also have working knowledge of Photoshop, Figma, and Illustrator.

WORK EXPERIENCE

WordPress Developer

2024 – 2026 | On-site

Techpedia

- Designed, developed, and managed custom WordPress websites prioritising speed, security, and scalability.
- Translated Figma UI designs into clean, responsive HTML/CSS integrated into WordPress themes.
- Built fully custom websites using Elementor with advanced layouts, animations, and responsive design.
- Worked extensively with WooCommerce — managing products, checkout flows, and store configurations.
- Identified and resolved bugs and technical issues on live production websites.
- Ensured consistent cross-browser and mobile performance across all projects.
- Applied graphic design skills using Photoshop, Figma, and Illustrator to support web visuals.
